

Arrowhead PTA's Community Safety Preparedness Event

Kevin Kutzera, Emergency Preparedness Committee Chairperson for Arrowhead PTSA, has invited all PTSA Emergency Preparedness Committee chairpersons to attend the Arrowhead Community Safety Preparedness Event on April 18th at 6:30 pm. It's a wonderful opportunity to get ideas for hosting such an event in your school.

The primary goals for this event are:

- Offer families information on disaster preparation for Home and Office
- Present options for residents to get involved as volunteers.
- Help residents understand the City's plans for response and resource management in the event of a disaster.

Arrowhead Elementary
6725 NE Arrowhead Dr.
Kenmore, WA 98028-4343

WAYS TO INVOLVE PARENTS WITH EMERGENCY PREP:

At our school we asked for a Notice Board to be allocated to Emergency Prep News and now we post all the information we receive about Emergency Prep. We are also putting information into our weekly newsletters which are sent home to the parents. We have only been doing this for a month or so and we are having good feedback from the parents.
